Introduction

Verbatim's extensive range of stylish Portable, Desktop and Multimedia Hard Drives offer 250GB to 2TB of storage with a variety of interface combinations for all your digital content, whether it is for work or for play.

The stylish design and colours of our portable drives provides outstanding performance capacity in a lightweight, palm-sized durable case to protect your data during transport to/from home and work.

The desktop drives offer additional storage for your home and office PCs, transferring files instantly through a variety of interfaces.

Most drives include Nero backup software that allows you to automatically back up your personal content. Nero backup incorporates scheduling, backup sets and encryption of your files with password control. For Mac users, Verbatim's drives are fully compatible with Mac OS Time Machine backup feature.

Portable Hard Drives

Secure HDD

With more and more people using portable hard drives to store and transport large amounts of personal and professional information, the capability to ensure that the data is secure can be a major requirement. Data loss can cost companies billions and with the legal liability associated with negligent disclosure, there is a clear requirement for external hard drives to be robustly secure.

Verbatim's 128-bit hardware encrypted 2.5" hard disk drive fulfils this need, offering real-time full disk encrypted storage with no loss of performance during data transfer.

Features

Rotational Speed:	5400 rpm
External Power:	USB Port
Interface:	One USB Mini-B port
Data Transfer Rate:	USB 2.0: 480 Mbit/s (max)
Backup Software:	Dmailer
Synchronization and Encryption Software:	VerbatimSync Software ¹
System Requirements:	USB Port, Windows 2000, XP, or Vista
Pre-Formatted HDD:	NTFS
Unit Dimensions:	81.25 x 129.6 x 19.4mm
Unit Weight:	250 grams
Warranty:	2-Year Limited Warranty
Package Includes:	Hard Drive, USB 2.0 cable, Back up Software - Dmailer, User Guide
Capacities:	500GB
Part Numbers:	500GB - 47574

¹Software compatible with Windows operating systems only.

Portable Hard Drives

eSATA/USB Combo

Looking for more speed? The new eSATA/USB Combo Hard Drive is an ultra fast portable hard drive, delivering speeds up to six times faster than the standard USB interface for hard drives. Housed in a rugged aluminium enclosure, the drive is ideally suited for professionals that need to transfer large files very quickly.

The eSATA cable delivers power and data transfer through a single connection, eliminating the need for a separate power source. It also has a USB 2.0 interface to allow you to connect to computers that may not have an eSATA port.

Features

Gigabit NAS

Share files between computers within your network using Verbatim's Gigabit Network Attached Storage (NAS) drive. Easily set up a computer network using the provided auto-configuration protocols, such as DHCP or Apple Bonjour™ to centralise your music, photos, video, and data files. Verbatim's NAS with Ethernet connection is ideal for backing up any PC or Mac on your network. By using a network drive you can create multiple users and user groups. Network users can be assigned privileges and read/write access to data. UPnP Media Server and Print Server features are among the many capabilities of this network drive.

Features
